

Fire Safety Policy

INTRODUCTION

This policy is a written document which includes the action to be taken by all staff in the event of fire and the arrangements for calling the fire brigade. The following items have been considered where appropriate;

- Fire evacuation strategy
- Action on discovering a fire
- Action on hearing the fire alarm
- Calling the fire brigade
- Close down procedure
- Identification of key escape routes
- Fire wardens
- Places of assembly and roll call
- Fire fighting equipment provided
- Training required
- Personal Emergency Evacuation Plan
- Liaison with emergency services

FIRE EVACUATION STRATEGY

Simultaneous evacuation in case of fire is the only way we operate within Kings Kids Christian School due to the fact it is a small site. It will simply be by means of everyone reacting to the sounding of the general alarm over the fire warning system given when a fire is discovered, then making their way, by the means of escape, to the designated place of safety, which is **Woodpecker Square**.

ACTION ON DISCOVERING A FIRE

On discovering a fire, it is the duty of every person to sound the nearest fire alarm immediately.

ACTION ON HEARING THE FIRE ALARM

All personnel, on hearing the fire alarm, should act in accordance with the agreed FEEP strategy.

Personnel should not re-enter the building with the possible exception of the Fire Team.

CALLING THE FIRE SERVICE

The Fire Service should also be informed immediately, either by the Administrator or the person discovering the fire, dependant on conditions.

CLOSE-DOWN PROCEDURE

The Close-down Procedure is as follows:

- Ensure all staff, students and visitors have vacated all buildings
- Ensure all doors are closed
- **IDENTIFICATION OF KEY ESCAPE ROUTES**

Key escape routes are clearly identified beside each door. They include schematic drawings supplemented with satisfactory emergency escape signs.

DUTIES AND RESPONSIBILITIES OF FIRE WARDENS

The Fire Warden within Kings Kids Christian School are **Nathaniel Okenwa and Mrs Mary Okenwa**. They have overall responsibility for the action in the event of fire. In the event that they are not on site, this person shall be **Mrs Sheree Morris**. Each Supervisor has responsibility to evacuate their Learning Centre's and Pre-School in the case of fire.

The Fire Wardens are responsible for

- The fire emergency evacuation plan being properly distributed and understood by all.
- Fire routine and evacuation drill procedure
- Ensuring personnel know location of fire alarm points.
- Ensuring regular use of primary and secondary escape routes.
- The close down procedure

The Health & Safety Co-Coordinator, **Nathaniel Okenwa** has the responsibility of maintaining a high standard of fire precautions. They test the Fire Alarms weekly during term time and keep records. The Health & Safety Co-Ordinator is also responsible for ensuring that notices are correctly sited.

PLACES OF ASSEMBLY AND ROLL CALL

Personnel should assemble at the pre-determined assembly point. The pre-determined assembly point is **Woodpecker Square**. When all staff, students and visitors are assembled a roll call should be taken. The person who is in charge of the assembly point should report to the person who has been nominated the fire service liaison person indicating all persons accounted for or who are missing and where they were last seen.

USE OF FIRE FIGHTING EQUIPMENT

Any competent person should attack the fire where possible with appropriate equipment; however fire-fighting is always secondary to life safety.

REMEMBER: DO NOT PUT ANY PERSONS AT RISK

TRAINING

There are regular evacuation drills at the start of each school term including the sounding of the alarm.

We will seek the advice of a competent person or the local fire service, fire safety officer for further training.

PERSONAL EMERGENCY EVACUATION PLAN (PEEP)

If disabled or sensory-impaired people join the school, whether staff or students, we would form a PEEP according to their needs to assist with escaping from fire. It may be necessary for staff to be trained in the correct procedures to cope with this eventuality. Advice on the specific needs of disabled and sensory-impaired people would be obtained from organisations representing the various groups if necessary. We would take into account those who may need assistance to escape, e.g. by having adequate staffing levels in premises providing treatment or care.

LIAISON WITH EMERGENCY SERVICES

A senior person will be nominated to meet the fire and rescue service when they arrived to provide them with any information they require, depending on the staff currently on site. It will be either **Mrs Mary Okenwa** in the first instance, or **Mr. Nathaniel Okenwa**.
